

Dear supporters of Ukraine all over the world!

Today Ukraine as never before suffers at the hands of Russian invaders, who have launched an aggressive war in different corners of our state and an attack on our territorial integrity. The Ukrainian military courageously defends not only the cities of Ukraine – they defend the entire civilized world from the unlawful actions of the aggressor represented by the Russian Federation.

Due to the daily hard struggle, every city of Ukraine needs help and support. Therefore, we are asking you, if possible, to support us, first of all, according to the letter of needs, with requirements for packing and shipment of goods to Drohobych Humanitarian Aid Hub for Ukraine in Poland. We would also appreciate financial support (details in additional information).

Additionally, if possible, we would like to kindly ask you to send this appeal and information to your family, friends, and acquaintances and also post them on the resources available to you.
